At times evoking the style of Craig Raine and Paul Muldoon, this novel-in-verse is a stunning achievement with epic reach, by a masterful poet and storyteller. Using the intimate rhyme scheme of Byrons great picaresque Don Juan, and the narrative devices of Pushkins enduring Eugene Onegin, D'Aguiar creates poetry dazzling in its inventiveness and wonder. Moving from the Civil War to the present day, Bloodlines follows the lives of five characters, each trying to escape the bonds of slavery. There are Tom and Stella, runaway slaves who are now part of the Underground Railroad; Faith, a black slave; her white lover Christy; and their son the narrator who knows neither of his parents because by the time he is born Faith has been sold back into slavery and dies in childbirth, and Christy has been indentured as a boxer in a traveling fair. Cursed by the thwarted love of his parents, the narrator is condemned to bear witness until the races become equal. He speaks to us of his quest for freedom.
