

Madeleine et Proust (French Edition)

Marcel Proust, descendant de lecrivain du meme nom, vit au XXIe siecle et comme son ancetre, est passionne de lecture. Sa rencontre avec Madeleine, peintre inspiree et douee d'une grande imagination, va l'entraîner dans une grande saga grace au don particulier que possede la jeune femme, celui de voyager dans le temps. Ce n'est pas pour deplaire a Proust, mais il est loin de se douter qu'il va etre propulse dans des lieux ou l'espace-temps obeit a des lois pour le moins etranges et dans des aventures qui auront pour theatre Venise, la Normandie et l'Atlantide. Dans cette 4e dimension, il va croiser des personnages issus des periodes les plus sombres de l'histoire, animees des plus mauvaises intentions du monde. Affronter les drames du passe et les adversaires d'aujourd'hui va demander a ce couple d'aventuriers ingeniosite et courage, faisant du coup emerger des ressources insoupconnees. Reflexion et action vont donc se succeder entraînant courses-poursuite et rebondissements incessants jusqu'au final.
