

My Mothers Kitchen

My Mothers Kitchen is an enchanting place filled with promise, change and good food. If the weathered walls of this magical room could talk they would tell the story of Meena and her childhood life. Each chapter is a slice in her young life and depicts her spunk and youthful spirit. A visit to the local Fruit and Flower Show becomes an adventure as told by Meena. Her distress at finding out about her aunts dark secret or her joy of making a new friend are all told in her naive, yet pure voice. Her mother is a central character in her life and it is no wonder that the kitchen is a special place of healing and rejuvenation, not only for Meena but for other characters like Kashi and Ayah.
