

One Hundred Onehundredworders. . .

Writing a full story in exactly 100 words, now - this is a challenge. Filling a book with such stories, now - this is an ever bigger challenge. Making these stories interesting to read, now - this is a monster challenge. I believe I got them all nailed. Pleasure guaranteed. Feel free to count the words - 100 guaranteed as well. Just for the fun of it -I made a few stories shorter and a few longer, always mentioned and always with a reason. You wont catch me lying to you. Never. One comment though - you have to be in the High Q range to fully enjoy these writes. After all - a 100 words story must propose your intellect quite a challenge too.
