

## Stephen Archer, and Other Tales (Classic Reprint)

London. The newspapers hung in a sort of rack at his door, as if for the convenience of the public to help themselves in passing. On his counter lay penny weeklies and books coming out in parts, amongst which the Family Herald was in force, and the London Journal not to be found. I had occasion once to try the extent of his stock, for I required a good many copies of one of Shakspeare splays at a penny, if I could find such. He shook his head, and told me he could not encourage the sale of such productions. This pleased me; for, although it was of little consequence what he thought concerning Shakspeare, it was of the utmost import that he should prefer principle to pence.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
