

This is Zoic: A Bedsum & Grey Adventure

It begins with the former maitre d hotel of the famed Lafayette in New York City. Derelict of his duty, he takes to the sea in a makeshift bathtub. Soon a tempest is upon him. Meanwhile On a high cliff overlooking this selfsame sea, a mayorex-mayorstands defeated, awaiting the train that will take him away. Unfurling from his pocket a great list of everything hes done or will do, he attempts to make a note, but a gust of wind notes the attempt and attempts to take the listwhich it does, launching the list on an air-ward voyage far and away from the mayors grasp. Back at sea, the little bathtub is guided to safety by a furled aberration twisting in the clouds. Meeting on the shore, the two men begin their quest for the list and its secretswhich contain the key to their future and the future of this strange island nation. This is Zoic!
